## SMALL POP OUT DISPLAY: 4.8'w X 2'h Total Printed Area: 58.6"w X 25"h

DO NOT design any critical graphic elements, (i.e. text, logos, etc.), outside of the safe area. The green dashed line is our safe area.

- This will keep any critical elements within 4" from the edges of the fabric size. These guidelines will ensure our stitching will not disrupt important graphic elements, and that your pop out display is designed and printed professionally.

Solid background color(s) or any background elements should extend out to the solid blue line in this template.

Template is at full scale.
