

TILED-WITH-A-SEAM FLEX FACE

PRODUCT DESCRIPTION

Backlit tiled-with-a-seam flex face signs are the answer for you if you need really large backlit flex faces. We can seam together tiles when both dimensions exceed the 16ft roll width. After printing, UV Clear Coat is applied for additional protection against fading and abrasion.

SUGGESTED APPLICATIONS

Tension Frame Sign Cabinets

MATERIALS

- » 18oz Flex Face Material
- » 19oz 3M Panagraphics
